

## SUSTAINABLE MANAGEMENT POLICY AMALINAS, IRUYA, AND NUBES HOTELS

At Amalinas Parck S.R.L., we are committed to developing triple impact management; therefore, our hotel administration is based on international principles of hotel sustainability. We use the best professional practices to ensure harmony with our land and the preservation of the ecosystems we inhabit, as well as respect and inclusion in the sociocultural environment.

To achieve this, we constantly seek innovation and continuous improvement through training and teamwork, and we actively participate in local initiatives for sustainable development and the preservation of the natural environment surrounding our facilities.

We ensure compliance with legal requirements regarding the environment, safety, and health, as well as the protection of biodiversity and cultural heritage, in addition to the regulations applicable to our activity. Similarly, we adopt the principles of sustainable tourism defined by the International Council for Sustainable Tourism as our guiding principles.

We identify and strive to prevent and minimize our environmental and social impacts through good practices for comprehensive management, while promoting a culture of well-being in the workplace. Thus, we invite our guests to commit to valuing and caring for the natural and cultural resources of our region.

Amalinas Parck SRL offers you a comprehensive and conscious experience for your stay in our hotels; we share flavor, comfort, and harmony in a healthy and sustainable environment.
